GET EXCITED ABOUT...

Spanish Fiesta

Bottega Rotolo is going Spanish for the month of April.

Come into the store for your authentic Spanish recipe ideas and products. You can choose from a range of paella pans that will cater for a lone Spanish enthusiast or a whole bus load. You can also stock up on smoked paprika (the real stuff), saffron, chorizo, paella rice, Spanish olives, Jamon and a whole lot more. Why go out for tapas when you can enjoy the good stuff at home?

ITALIAN EASTER TREATS

Premium quality Easter treats can be hard to come by. If you'd like to give your loved ones something different this Easter then come in to browse our range of Italian nougat and panettone. You can find a nougat to suit anyone's taste - chocolate covered nougat, soft nougat, hard nougat and even individually wrapped mini-nougat pieces.

INGREDIENT UNCOVERED: JAMON

Many of you would have seen this Spanish speciality in quite a few Adelaide restaurants lately. Jamon is a type of cured ham from Spain made from the black Iberian pig. We stock the most sought after type of Jamon - Iberico de bellota. Our Jamon comes from free range pigs that roam oak forests to graze on acorns. This diet produces the most flavoursome meat and finest grain of fat. Beware of cheaper versions that just won't give you the premium flavour you would expect.

TRY IT AT HOME: On a platter drizzled with extra virgin olive oil and big chunks of crusty bread.
